

MITIANS BUSINESS UPDATES (Monthly E Magazine)

A Tribute to the Legendary
Entrepreneur of MIT
(11.07.1943 to 26.01.2021)

Editorial

The second issue of the E Magazine is being launched as planned. In one month, lot of activities have happened with our traditional Pongal Celebrations, India's 72nd Republic day, first digital financial budget and coincidentally today is the Valentines Day, the day to express our love and affection to all our friends, relatives and to all those who are close to us in the society to spread happiness and wellbeing in the minds of everyone.

This issue is being dedicated to one of the Legendary Entrepreneurs of MIT, Dr. V. Nagendran, TNo 1484, Founder CMD of Nagman Group of companies who breathed last on 26th Jan 2021 after succumbing to brief illness during Dec 2020. As a mark of respect and homage to the departed soul, we bring forward in this issue, the profile of the great man who has spent 46 years of his life in shaping his company to a globally acclaimed and respected one. All the alumni of MIT have to learn a lot from this gentleman and we salute him and pray for his soul to rest in place. Though his absence cant be filled, we strive hard to continue the legacy left by him in motivating and encouraging the youngsters towards entrepreneurship.

A leader is the one “ who knows the way, shows the way and leads the way” and everyone of us are leader in our own life in family, in our company and in the society. Our actions and our decisions should inspire others and we should lead by example. Various webinars organized in last one month are imparting knowledge sharing exercise to everyone. Wishing you all bright days ahead.

Yendrum Anbudan

Highlights of MIT Entrepreneurs Association (MITEA) :

Webinar 05 was organized on 30th Jan 2021 Saturday, 06.30 pm through Zoom.

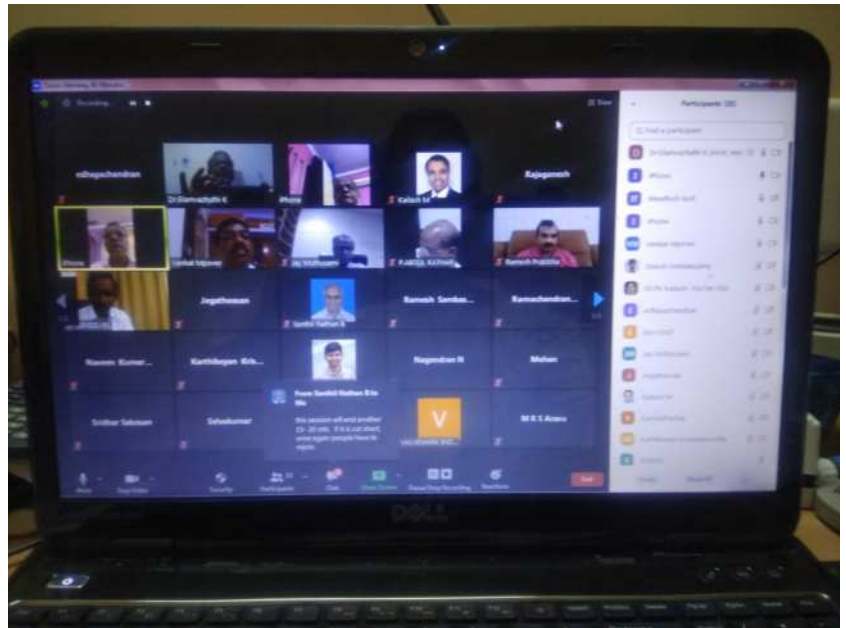

The Speakers

were ;

Mr. M.K. Kailash, T No 35414
 Founder & CEO
 KioTekDigi Networks LLC
 (USA) & KioTekDigi Networks
 Pvt Ltd., Chennai

Topic: “ Operation Technology
 & information Technology Inte-
 gration in Manufacturing Indus-
 tries

Mr. Nagabhushanam, TNo
 24217, Founder & MD, Rank Trad-
 ing & Contracting company, Kuwait

Topic: “ Business Opportunities in Gulf Countries”

New Members Registered in MITEA as on 14th Feb 2021:

Honorary Life Members

1. Mr. K.V. Seshasayee TNo 1433 Auto—Founder Director—Auto Value Systems Pvt Ltd., Chennai
2. Mr. S. Venkat Subramanian TNo 1439 Auto—Founder MD, M2M Scada Solutions & www.iamibot.com - Hyderabad
3. Mr. Mahaveer Bhandari TNo 1480 IT - Founder MD, Texonic, Chennai
4. Mr. R. Balaji, TNo 1570- Founder MD , IA Flow, Chennai
5. Mr. D. Kannan, TNo 1678 - Founder CEO, SOA Inst Techniks & MS Snipe Engineers, Chennai
6. Mr. Narayanan, TNo 1751 - Freelance Consultant, Chennai
7. Mr. Apparao MRG , TNo 1710 - Founder Director, IDEA Lab India, Chennai
8. Mr. Harishankar, TNo 1874 - Founder MD, EMD Electronics Instruments Ltd., Pollachi

Life Members

1. Mr. Palavesa P Muthu - TN 42432—Founder & CEO, Goldenpalm Petroleum Services Co., Kuwait & Palm Tree Technical Products Pvt Ltd., Chennai

Highlights of MIT Entrepreneurs Association (MITEA) :

Webinar 06 was organized on 12th Feb 2021 Friday 07.00 pm through Zoom.

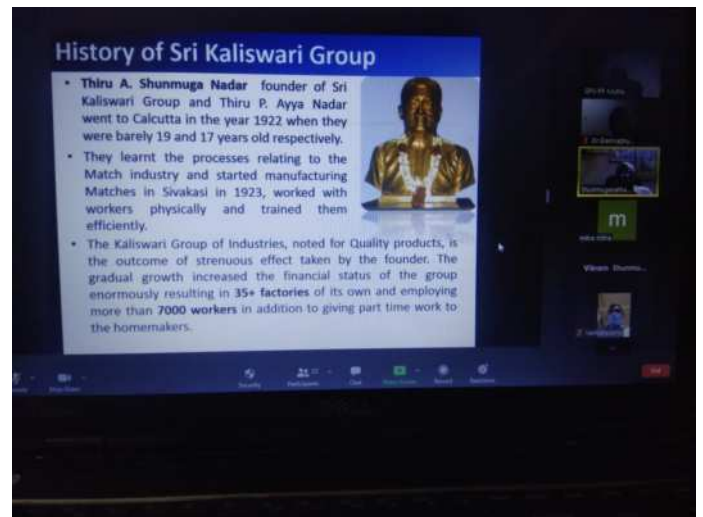

The Speakers:

Mr. Shanmuganathan, TNo 09517 (37th batch MITian) CMD, Sri Kaliswari Metal Powders Pvt Ltd, Sri Kaliwari Group, Sivakasi, TN, India

Topic: “ Sustainability of Family Business”

Mr. Palavesa P Muthu, TNo 42432 , Founder & CEO, Goldenpalm Petroleum Services Co., Kuwait & Palm Tree Technical Products Pvt Ltd., Chennai.

Topic: “Non Destructive Testing Equipments from Japan for Manufacturing industries”

ABOUT FAMILY Happily Married for 52 Years now

Wife Mrs. Indra Nagendran Lending Able Support thro' thick & thin of 46 Years of Business Life!

Four Children : Three Daughters & a Son = All Happily Married & Settled

Eldest Daughter (& Son-in-Law) & Son + Daughter-in-Law (Both Instrument Engineers) Assisting in Business (Nagman)

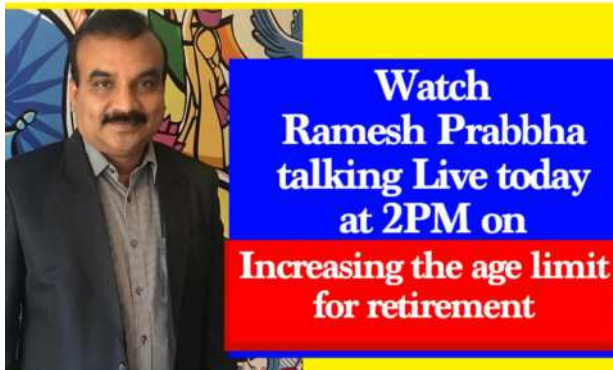

Second Daughter - an Instrument Engineer -- Metrologist in Celemetrix / Son-in-law in Execujet Aviation = Sydney Australia.

Third Daughter - Ex. Intel - Works in HCL / Son-in-Law in Agilent

Six Grand Children

Congratulations...

The Executive Committee members of MIT Entrepreneurs Association- MITEA had their Zoom Executive Committee meeting on 30th Jan 2021, Saturday and elected Dr. Ramesh Prabha, TNo 05510, Founder CMD of Galaxy Group of Companies, Chennai as the new President to lead the association to the next level. We the members of MITEA wholeheartedly congratulate him for his new position and we look forward to have more interactions and business opportunities in the days to come.

We the MITians are really proud to see one of our alumni actively participating in the media giving powerful messages for the benefit of the society. Mr. Ramesh Prabha was on live telecast of Puthi-athalaimurai TV News Channel on 5th February to talk about increasing the age limit for retirement of Government servants.

We wish him all success for all his future ventures in his business and also as the new President of MITEA to lead the association to greater heights for the benefit of all the members.

Highlights of Union Budget 2021– 2022

By. Mr. S. Venkata Subramanian, TNo 1439

**Founder CMD, M2M SCADA Solutions & www.iamibot.com,
Hyderabad**

General

1. First digital Budget in the history of India
2. Vehicle Scrapping Policy. Vehicle Fitness Test after 20 years in case of Personal vehicle and 15 years in case of commercial vehicles
3. 64,180 crores allocated for New Health Schemes
4. 35,000 crores allocated for Covid Vaccine
5. 7 Mega Textile Investment parks will be launched in 3 years
6. 5.54 lakh crore provided for Capital Expenditure
7. 1.18 lakh crore for Ministry of Roads
8. 1.10 lakh crore allocated to Railways
9. Proposal to amend Insurance Act. Proposal to increase FDI from 49% to 74 %.
10. Deposit Insurance cover (DICGC Act 1961 to be amended). Easy and time bound access of deposits to help depositors of stress banks.
11. Proposal to revive definition of ‘Small Companies’ under Companies Act 2013. Capital less than 2 Cr. and Turnover Less than 20 Cr.

13. Duties reduced on various textile, chemicals and other products
14. Gold and Silver (BCD reduced)
15. Agriculture Products: Custom duty increased on cottons, silks, alcohol etc.

MIT Campus News...

By Ms. Yasmin Shabeer, 2020 Batch MITian, 30th batch RPTian, Currently in UOW, Canada pursuing her MS

Introduction

I am immensely happy for being given an opportunity to write about my experience of my admission into the University of Waterloo. I thank Dr. K Elamvazhuthi, my great senior for encouraging me to write this article. I am Yasmin Shabeer, a 2020 passed out student from the prestigious Madras Institute of Technology and a current master's student at the University of Waterloo, Ontario, Canada.

My hometown is Salem, Tamilnadu. I did my high school in Vellore and of course, my undergraduate in Chennai. I would like to elaborate on my source of inspiration that made me determined to come back to Canada. Yes, this is my second time in Canada.

Madras Institute of Technology

MIT does not need an introduction. It has always been a hub of talent producing factory. MIT inspires everyone in their own way. I remember back in school how strongly, I wanted to get into MIT. Thus, I consider the biggest achievement of my school days to be getting into MIT itself. I am pleased to say it all paid off in the end. I got into Rubber and Plastics Technology department. A unique course with abundant opportunities. I am always grateful to my teachers as they never stopped encouraging us to be innovative and creative as much as possible. My desire to study abroad was greatly influenced by an internship called MITACS. My journey towards UOW started from here. In the mid of my second year, I stumbled upon this fully-funded trip to Canada for doing a research internship.

MITACS

MITACS is a nonprofit national research organization in Canada. They provide a platform to pair students from all over the world to Canadian Universities/professors to do a three-month-long research internship in Canada. I put a lot of work into my MITACS application and was interviewed by two different professors. I was matched to a project in the first wave of selection. I did my MITACS Globalink research internship at the University of Montreal under the supervision of Dr. Fabio Ciccoira. This was my first time in Canada (May 2019), in fact, the first time out of my country. From my experience, I found Canadian Universities to be the most welcoming places where students can learn, improve their skills and eventually contribute to the globe. Canada is known for its multi-cultural diversity and high standard of living. At the end of this internship, I was determined to come back.

University of Waterloo

When I returned home, I finished all the required examinations to apply to Canadian Universities. I started sending emails to all potential professors who had openings in their labs for master's students. I got matched to several Universities. But UOW has a great reputation throughout the world and stands first in so many respects. UOW is at the forefront of innovation and is home to transformational research and inspired learning. It is known for coop programs and the highest placements all over Canada.

My current projects are in collaboration with high-end industries thus I am hoping to give my best to get placed in such institutions at the end of my degree. The path towards UOW was highly competitive and challenging amidst Covid-19 and everything but I am glad I could make it with all the support from my parents and teachers. Studying abroad is expensive especially for someone who comes from a middle-class background. I thank my current supervisor Dr. Michael Fowler, who funds my tuition fee, and MITACS who funds my living expenses through a fellowship. I am happy to be back in my second home and second family.

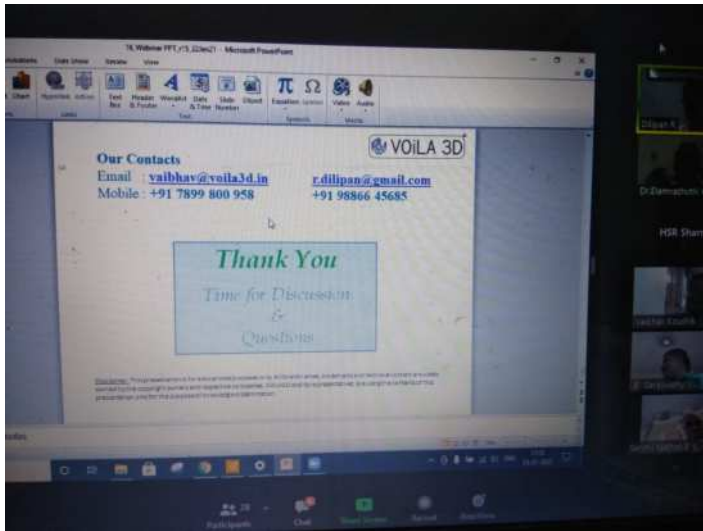

With love & regards,

YASMIN SHABEER

Highlights of MIT Alumni Association (MITAA) :

MITAA organized an Virtual Knowledge sharing Webinar Series on 3 D Printing Technologies & Product Design by Mr. R. Dilipan, Industrial Engineer, 31st Batch Alumnus of MIT along with Mr. Vaibhav Koushik on 23rd Jan 2021, Saturday.

It was very useful with lot of practical live sessions. Their contact details are as shown below:

Madras Institute of Technology Alumni Association (MITAA)

MADRAS INSTITUTE OF TECHNOLOGY

KNOWLEDGE SHARING WEBINAR SERIES
3D Printing Technologies & Product Design

23rd January 2021, Saturday
 From 4.00 pm
 Please join by 3.50 pm

(இது ஆத்மார்ந்த முத்தோரின் அறிவுரை)

இதை படிக்கும் முன் உங்கள் மனதை ஒரு நிலைப்படுத்திய பின்னர் படியுங்கள். அப்போது தான் ஒரு தெளிவு உங்களுக்குள் பிறக்கலாம்...

உன்னை வாழ்த்த மனம் இல்லாதவர்கள் இருப்பார்கள். அவர்களைப் பற்றி கவலைப்படாதே.

நீ எதை செய்தாலும் அதில் ஒரு குறையை கண்டுபிடிக்கக்கூடிய மனிதர்களும் இருந்து கொண்டே இருப்பார்கள். அதையும் பெரிது பண்ணாதே.

உன் லட்சியம் எதுவோ அதை நோக்கி பயணம் போ.

ஒன்றை மட்டும் தெரிந்து கொள்....

ஒவ்வொரு மனிதனும்

தனித்தனி ஜென்மங்கள்.

தனித்தனி பிறவிகள்

தனித்தனி ஆன்மாக்கள்

அவர்களுக்கென்று தனித்தனி ஆசாபாசங்கள் இருக்கும். குணங்களும் இருக்கும். அதன் வழியில் தான் அவர்களின் பயணமும் இருக்கும். *அவர்களை ஒழுங்கு படுத்துகிறேன் என்று வேதனைகளை சுமந்து கொள்ளாதே. அவர்கள் போகும் வரை போகட்டும். போய் ஒரு அனுபவத்தை பெற்றபின் திரும்பி வருவார்கள்.*

அதுவரை நீ பொறுமையாக இருக்க வேண்டும். அவர்கள் போன பாதை நல்லதா? கெட்டதா? என்பதை அவர்களாக உணர்ந்தால்தான் அவர்களுக்கு ஒரு உண்மை தெரியும். *அந்த உண்மையை நீ முன்கூட்டியே சொன்னால் உன்னை அவர்களுக்கு பிடிக்காது.*

இதுதான் வாழ்க்கையின் தத்துவ உண்மை.

அவர்களது பூர்வ புண்ணியத்தின் அடிப்படையில்தான் அவர்களின் குணங்களும் செயல்களும் இருக்கும்.

அது உடன் பிறந்தவர்களாக இருந்தாலும், நண்பர்களாக இருந்தாலும், கணவன், மனைவியாக இருந்தாலும், பெற்ற குழந்தைகளாக இருந்தாலும், பேரன் பேத்திகளாக இருந்தாலும், எந்தஉறவுகளாக இருந்தாலும், *அவர்களது பிறவி குணம் ஒரு போதும் மாறாது.*

எதைச் செய்ய வந்தார்களோ அதை செய்வதுதானே அவர்களின் விதி. இதை நீ மாற்றி அமைக்க முடியுமா...?

ஒதுங்கி நின்று வேடிக்கை பார்!....

பந்த பாசத்தில் உள்ளே விழுந்து அறிவுரை சொல்லுகிறேன் என்று கெட்ட பெயரை சம்பாதித்துக் கொண்டிருக்காதே.

அவர்களுக்கு அனுபவம் தான் குரு.

அந்த அனுபவம் ஏற்பட்ட பிறகு தன்னை மாற்றிக் கொள்வதற்கு அவர்களுக்கு விதி இருந்தால் தன்னை திருத்திக் கொள்வார்கள். அதுவரை நீ பொறுமையாக இரு.

செயற்கையாக ஒரு குணத்தை உருவாக்கி உன்னிடம் அன்பை காட்டினாலும் தான் யார்?, தன் குணம் என்ன?, என்பதை ஒரு நாள் வெளிப்படுத்தி விடுவார்கள். *எதையும் ஏற்றுக்கொள்ளும் பக்குவத்தோடு இருந்து கொள்ள பழகிக் கொள்.*

நாம் வந்து போகும் உலகத்தில் பிறந்திருக்கிறோம். அவரவர்களுக்கு என்ன வேஷம் கொடுக்கப்பட்டிருக்கிறதோ அதைத்தான் செய்து கொண்டிருக்கிறோம். அதைத் தவிர நாம் வேறு எதையும் செய்து காட்ட முடியாது. எல்லையில்லாத அன்பை வைத்திருந்தேன் என்னை ஏமாற்றி விட்டார்கள் என்று புலம்பிக் கொண்டு இருக்காதே. கடலுக்கும் ஒரு எல்லை வைத்திருக்கிறான் கடவுள்.

அதையும் மீறி சிலவேளைகளில் இறைவன் வகுத்த எல்லையை கடல் தாண்டி விடுகிறது. அது போல் *இயற்கையின் சுபாவங்களைப் போல் மனித இயற்கை சுபாவங்கள் சில நேரங்களில் தங்களை வெளிப்படுத்தி விடும்.*

நீ உன்னை எப்படி வைத்துக் கொள்ள வேண்டும் என்று நினைக்கிறாயோ அப்படி வைத்துக் கொண்டு வாழப்பழகிக் கொள். அதில் நன்மை வந்தாலும், தீமை வந்தாலும், உனக்கும் ஒரு அனுபவம் கிடைக்கும். அதை வைத்து உன்னையும் திருத்திக் கொள்ளலாம்.

*இன்பமானாலும் துன்பமானாலும் அதை நீயே சந்திக்க கற்றுக்கொள்.*_அதை பகிர்ந்து கொள்வதற்கு ஒரு துணையைத் தேடாதே.

உன் இன்ப துன்பத்தில் பங்கு பெறுவதற்கு இந்த பிரபஞ்சத்தில் ஒருவர் பிறந்திருந்தால் நிச்சயம் அவர் உன்னை கைவிடாமல் உன்னோடு சேர்ந்தே பயணிப்பார். அது உன் பிறவி பிராப்தத்தை பொறுத்து இருக்கிறது. அப்படி அது நடந்து விட்டால், எந்த சூழ்நிலையிலும் உன்னோடு இணைந்தே இருப்பார்

நீ பெண்ணாக இருந்தாலும், ஆணாக இருந்தாலும், வரும் துன்பத்தை எதிர்கொள்ளக்கூடிய ஆற்றலை உருவாக்கிக் கொள்.

மனிதன் மீது வைக்கும் நம்பிக்கையை விட இறைவன் மீது வைக்கும் நம்பிக்கையை அதிகரித்துக் கொள்.

உன் கண்ணீரும். உன் கவலையும் உன்னை பலவீனமாக காட்டிவிடும்... அழுவதாலும் சோர்ந்து போவதாலும் ஒன்றும் நடக்கப் போவதில்லை. எப்படி இருந்தாலும் நீதான் அந்த சுமையை சுமந்து ஆகவேண்டும். *அழுது சுமப்பதை காட்டிலும். ஏற்று சுமப்பது உனக்கு சிரமம் இல்லாமல் இருக்கும்.*

*தேரியமும் தன்னம்பிக்கையும் தான்

ஒரு மனிதனை உலகத்தில் வாழ வைக்கும் என்ற உண்மையை உணர்ந்துகொள்.* இந்த பக்குவத்தை அடைந்து விட்டால் எத்துன்பமும் உன்னை நெருங்காது என்பதை உணர்ந்துகொள்.

இப்பதிவை பத்திரப்படுத்தி , உங்களுக்கு நேரம் கிடைக்கும் பொழுது பொறுமையாக மீண்டும் ஒருமுறை படிக்கவும்... நன்றி.
